

\$25,000 Club House.

WADING RIVER, July 17.—It is reported here that a new \$25,000 club house is to be built on the Deep Pond property purchased some time ago by Harry Payne Whitney and William K. Vanderbilt, jr. The property is on the line of the Motor Parkway and was contracted for when the parkway project was first launched. The tract consists of about 600 acres, including the lake, and it has always been understood that the land was a site for a club house.
