Reforestation Camp.

Twelve thousand trees were planted by Nassau County Scouts at Camp Wauwepex recently. This activity was part of American Forestry Week, which was observed in a similar manner throughout the country by Scouts. The following Scouts made up the group: Donald Cunningham, Norman Martin, Jim

Campbell, Sidney Weise, Milton Sealey, Thomas Briggs, Bill Drury, Everett Abrams, Howard Ketcham, Benton Warner, Irwin Smith, Robert Porter, Charles Trinkhass.

Mr. Dare, chief ranger of the Wading River district, visited camp during the planting and instructed and supervised the boys. Their work was commended by Mr. Dale for its thoroughness.

The 12,000 seedlings were completely planted in two days by a crew of 14 boys. Next year a similar reforestation is planned for the Scout camp, the idea being to secure a good growth of trees on the banks of Deep Pond.
